Train Hits Truck, Two Leap Safe

Locomotive Strikes Vehicle Which Failed to Stop

Two men leaped to safety today just before the truck in which they were riding was hit by an oncoming Canadian National Railway freight train at 97 street and 127 avenue.

The two-ton truck, driven by Melvin Musselman, 2627 14 avenue, failed to stop when coming to the crossing and was hit by the train engine. The freight was pulling out from the yards.

Passenger in the truck was Gordon Garvie, 2618 18 avenue. Neither of the occupants of the truck suffered injury.

Heavy damage was suffered by the truck and the train engine. The freight was pulled out from the yards.

The locomotive would be repaired for the trip.

Engineer Frank Hurley, 1137 128 street, said he saw the truck approaching the crossing, but expected it would stop.

Fireman on the engine was Frank Porchie, 10916 86 street, and brakeman was W. J. Magee, 12245 86 street.

The train only continued on about the length of cars before being brought to a stop.

Berlin Crisis May Go To United Nations

LAKE SUCCESS, N.Y., July 21.—(UPI)—The east-west dispute over Berlin probably will be tossed to the United Nations for settlement before the western allies attempt to force a showdown, responsible UN quarters believed today.

These quarters discounted talk that the Berlin dispute might be near the blow-up stage. They felt that several diplomatic moves would be made before there would be any showdown. Any such stages was to bring the dispute before the UN.

The feeling that peaceful methods were far from exhausted was further exemplified by a statement from the American association for the United Nations, which urged the United States to bring the Berlin crisis before the UN "if it becomes clear that direct negotiations have broken down."

Czech President Says 'No War'

PRAGUE, July 21.—(AP)—President Klement Gottwald told a delegation of Czechoslovakia women yesterday that there was no war. He said, however, that the Soviet Union was not at stake and that it was not at stake any more.

He said, however, that the Soviet Union was not at stake and that it was not at stake any more.

Macdonald Puts Rates Up Fifty Cents a Day

Guests at Edmonton's railway hotel, the Macdonald, are now paying fifty cents more per day for their rooms.

The increase in rates effective this week, it is in line with increases put into effect at railway hotels across Canada and the granting of a 1-cent hourly wage

Curfew Tolls in Nazareth

CURFEW-BREAKERS QUIZZED by Jewish soldier following surrender of Nazareth to Israeli forces. These Arabs are "out too late" and must give an account of themselves. Boyhood home of Christ remains calm as Jews have asked mayor to stay in office.

'We'll Do Everything To Avert War,' Says Marshall

WASHINGTON, July 21.—(AP)—State Secretary Marshall said today the United States will do everything possible in the Berlin crisis to "reach an acceptable solution and to avoid the tragedy of war."

At a press conference, Marshall said that there is a widespread fear of war in the world over the Berlin crisis between Soviet Russia and the western powers. He was asked to express his views on the situation.

In a statement Marshall said: "We will not be coerced or intimidated in any way in our procedures under the rights and responsibilities that we have in Berlin and generally in Germany."

"At the same time, we will proceed to invoke every possible resource of negotiation and diplomatic procedures to reach an acceptable solution and to avoid the tragedy of war for the world."

Marshall officials, meanwhile, are studying new diplomatic moves in a determined effort to settle the Berlin crisis short of war.

New Note To Soviets Ready

LONDON, July 21.—(AP)—A responsible British official reported today that a new western power note, drafted by Russia's blockade of Berlin has been drafted and sent to Washington for review by top-ranking state department officials.

The source reported the note is subject to revision.

Britain Ending Bread Ration

LONDON, July 21.—(Reuters)—Bread rationing will end in Britain next Sunday after two years in operation. Food Minister John Strachey announced today in the House of Commons.

Rationing will be replaced by a system of control of the rate of delivery of bread from the mills to the country's bakeries so that consumption will be kept at about the same rate as during the last year.

UN Guard Killed By Arab Gunfire

LAKE SUCCESS, N.Y., July 21.—(UPI)—United Nations representative charged today that Arab gunfire July 13 in Jerusalem killed a United Nations guard. The UN guard was killed by Arab gunfire.

On Monday at the Pacific coast, Mr. Milner could not be reached by telephone or wire today for comment.

In the meantime, officials of the National Progressive Conservative Association announced today they are hopeful that the convention at which a new party leader will be chosen will be held before Sept. 15.

This date follows by one month the National Liberal Federation party's national convention in 1947, and it is expected that Winnipeg will be chosen.

Decision will be made Monday on what Canadian city it will be, but it is expected that Winnipeg will be chosen.

He said he did not want the party's national leadership.

RULING IN DIVORCE CASE

LOS ANGELES, July 21.—(AP)—A judge in Los Angeles today ruled that a divorce case involving a woman and her husband, who had been married for 20 years, should be granted. The judge ruled that the woman was entitled to a divorce.

The ruling stemmed from a divorce case filed by Miss Brooks, 26, against Arthur Anthony Shaw, 27.

Shaw alleged his wife gave the child innocents at parties. He brother, Jack, testified Victoria had "seven or eight" awakes.

from her mother's glass at a party and was "very cute and adoring."

Miss Brooks denied this but admitted giving her daughter an occasional sip of beer diluted with water.

Then Judge Little scolded the actress and said, "I cannot say enough to reprimand a mother for doing this."

U.S. Communist Leaders Arrested

Foster and 11 Others Charged With Plotting Gov't Overthrow

NEW YORK, July 21.—(AP)—The eighth top Communist leader of 12 indicted on charges of plotting overthrow of the United States government surrendered today.

John Gates, 34, editor of the Daily Worker, Communist party newspaper, said as he appeared in federal court: "I have a clear conscience."

Six others of the party high command, headed by chairman William Z. Foster, were arrested last night shortly after the special federal grand jury returned the indictments. A seventh was held in Detroit.

Red Arrests Called Threat To Democracy

PHILADELPHIA, July 21.—(UPI)—Henry Wallace's campaign manager—C. B. Baldwin—charged today that the Communist arrests in New York are what he calls "a threat to the democratic rights" of the American people.

Baldwin said he considers the timing of the arrests "a rather sinister coincidence" coming on the third party prepared to open its founding convention in Philadelphia.

Baldwin added that, as he said, "as far as I know" none of the men arrested were connected with the Henry Wallace third party movement.

Baldwin was asked whether there are Communists in the new party. He replied, "I assume that there are. We have made it clear from the beginning that we welcome support and help of any organization which subscribed to the principles of the new party."

Baldwin said the third party did not welcome any members who would work against the interests of the United States government.

Edmonton Beginning To Cool Off

The weatherman today says there will be a slight relief from the heat of the last few days. Skies will be cloudy from time to time throughout the day and the forecaster says the temperature today will only climb to 76 above. Winds will be 15 mph from the south.

The synoptic analysis and official forecasts issued by the Dominion public weather bureau office at Edmonton and valid until midnight Thursday show a change in the weather.

British Planes Not Hindered By Reds—Bevin

LONDON, July 21.—(UPI)—Foreign Secretary Ernest Bevin told Commons today that Russia neither objected to nor tried to interfere with the flying of supplies to Berlin by western air fleets.

Bevin again rejected a suggestion that the supply planes in their return journeys, evacuate all non-essential Germans from Berlin to ease the supply situation.

Standing Room, But Little Swimming Room at Pools

Need for more swimming pools in Edmonton was demonstrated Sunday when standing room only was the order of the day in public swimming pools.

An estimated 1,400 swimmers turned up to get into the South side pool.

Revenue from the three pools has reached an all-time high figure since the revenue at the end of June added up to an increase of more than 100 per cent over the same period last year.

These figures were contained in a report issued Tuesday at the Civic Board.

Total cash receipts from the beginning of the 1948 season to the end of June were \$12,039.36. The figure for the same period last year was \$12,039.36.

Total attendance during the first six months of the year was 62,442 by an additional 4,608.

The municipal golf course, on the other hand, because of the late spring, showed a decrease in revenue up to the end of June.

INDICTED ON CHARGE OF ADVOCATING OVERTHROW OF THE U.S. GOVERNMENT

—(UPI)—United Nations representative charged today that Arab gunfire July 13 in Jerusalem killed a United Nations guard. The UN guard was killed by Arab gunfire.

On Monday at the Pacific coast, Mr. Milner could not be reached by telephone or wire today for comment.

Near Record At Lloyd Fair

Students' School Work Judged on Opening Day

LLOYDMINSTER, July 21.—With ideal weather prevailing, Lloydminster's exhibition opened its gates Monday for the big three-day fair and it was only a few minutes before hundreds of people were milling around the midway and the rides were going full swing.

Monday being children's day, the youngsters of the district kept the rides moving at all times. For the matinee program in front of the grandstand, the spectacular building was only about half full due to parents having their children on the midway, but for the evening it was jammed.

Two performances were held on Tuesday night. On Sunday afternoon 42 boys who had already spent three days at Lake Manitoa as the first half of the lake farm boys' camp arrived and pitched their tents on the fair grounds.

Judging on the first day was confined to the boys and girls fair school work and some light horses. C.N.R. officials who were guests of the fair board Monday were Frank Keefe, Bob Johnson, Mr. Griffith and D. Carroll, all of Edmonton.

Not a record attendance for the first day of the exhibition, the management estimated that about 10,000 people with the crowd and looked for two more big days on Farmers' Day and Citizens' Day.

Traffic Heavy To Lloydminster
LLOYDMINSTER, July 21.—Traffic into Lloydminster has been so heavy during the last few days that it has not been uncommon to see two groups of motorists arrive together at the depot.

The first day will be devoted mostly to horse races, the feature race being the 18th running of the Rimber derby at one mile and 70 yards.

The second day will be featured by Motor Races. It is estimated that there have already been more than 100 cars arriving during the last few days of the race drivers of this province.

Horse races will take place between the various heats of the auto races. The feature race of the second day will be the Ben Franklin Hotel Stakes, at six and one-half furlongs.

A night race will be presented on Friday evening at six and one-half furlongs.

The best known fighter on the card is H. MacDonald of Edmonton, Dominion finalist at Winnipeg in the Olympic trials.

A great amateur boxing card will also be held, and will be the highlight of the second evening.

MAYBE HE WANTED TO SHOO A NAG IN

INGLEWOOD, Calif., July 21.—(AP)—This is the tale of a man who followed the horses—in an airplane.

Jack W. Keeley, 25, of Long Beach, was so low, grandstand witnesses said, the plane was below eye level as it swooped around the track behind the horses in the seventh race at Hollywood Park.

He was even accused of clipping a tree or two. Keeley pleaded guilty in court yesterday.

The court, holding there is a limit to horse playing, fined him \$400.

Holdout Jap Internee Claims Bad Treatment

MOOSE JAW, Sask., July 21.—(CP)—Hiroki Isumura, 66-year-old leader of the 39 residents of a Japanese relocation camp here, told magistrate's court here yesterday that since his internment during the Second World War he has been "treated like an animal—not very humanitarian."

Isumura is alleged to have drawn a knife on anyone who asked him where he wished his belongings to be taken. The Japanese said he had made gestures of cutting his abdomen, indicating he would rather die than leave the camp.

He testified he had no intention of using the knife on anyone. Magistrate G. R. Trethewey is expected to hand down a decision today.

The Japanese evicted from the camp were "holdouts" of those moved from British Columbia's coastal areas during the war as a possible threat to Canada's security.

Most accepted the federal government's offer of transportation to any other point. But the group led by Isumura refused to leave unless they could return to their former homes in B.C. Accommodation was found for them after their eviction, carried out on orders of federal authorities.

METER PARKING
July 26th
Information for Owners and Operators of Vehicles

Commencing 9:00 a.m. July 26th, 1948, parking meters will control car parking in the central business districts on the north and south sides of the City. Except as indicated below, metered parking will thereafter be in effect from 9:00 a.m. to 6:00 p.m. every day except on Sundays and any Statutory or proclaimed holidays, but not including Wednesday afternoon. Before and after the above-mentioned hours no parking fee is required.

Commercial Vehicles—Vehicles used for commercial deliveries or pick-up on the payment of an annual fee of \$5.00 per vehicle obtain on application to the License Dept. a sticker exempting the payment of meter fees till 11:00 a.m., such parking time limited to 15 minutes. Annual fee of \$10.00 will secure a sticker permitting parking during whole day for no longer than 15 minutes, subject to the Commissioners' approval.

Public Service Vehicles—Gas, Electrical, Telephone, Waterworks, etc., may park in the metered area without charge so long as they are actually on a job in the immediate vicinity. Identification sticker to be secured from City License Inspector.

Taxi Cabs—No parking fee for stops of less than two minutes is required of taxi cabs.

METHOD OF PARKING:
Park with front bumper approximately opposite the meter in parallel parking spaces, and with the left wheel immediately opposite the meter in angle parking spaces. Cars must be parked WITHIN the parking area as indicated by painted lines.

METER OPERATION:
Immediately on parking the vehicle the operator shall deposit in the coin slot the proper coin (1, 2, 3, 4, or 5 cents or a 5c piece) as indicated on the face of the meter. The motorist must turn the handle on the face of the meter after the insertion of a coin and the meter will then indicate on the dial the maximum allowable parking time for the coin or coins deposited. The maximum amount that can be deposited AT ONE TIME is five coppers (giving 12 minutes parking time for each cent deposited) or a five cent piece.

At the expiration of such time limit a red signal will appear on the dial which will be evidence of unlawful parking.

Motorists may occupy a stall where the meter still registers unexpired parking time, paid for by a previous occupant. If longer parking time than such unexpired period is required, the motorist must deposit the proper coin immediately on parking the vehicle. The motorist will again set the meter indicator at the maximum allowable parking time.

The above regulations are a digest of the Parking Meter Bylaw, No. 1173.

METER OPERATION:
Immediately on parking the vehicle the operator shall deposit in the coin slot the proper coin (1, 2, 3, 4, or 5 cents or a 5c piece) as indicated on the face of the meter. The motorist must turn the handle on the face of the meter after the insertion of a coin and the meter will then indicate on the dial the maximum allowable parking time for the coin or coins deposited. The maximum amount that can be deposited AT ONE TIME is five coppers (giving 12 minutes parking time for each cent deposited) or a five cent piece.

At the expiration of such time limit a red signal will appear on the dial which will be evidence of unlawful parking.

Motorists may occupy a stall where the meter still registers unexpired parking time, paid for by a previous occupant. If longer parking time than such unexpired period is required, the motorist must deposit the proper coin immediately on parking the vehicle. The motorist will again set the meter indicator at the maximum allowable parking time.

The above regulations are a digest of the Parking Meter Bylaw, No. 1173.

CCF Starts Campaigning

Speakers Charge Gov't Using CCF Reforms

Stakes in the provincial election are so high "people who are exploiting the resources of the province can afford to spend millions of dollars to keep the government in office," Elmer E. Roper, provincial CCF leader said Tuesday.

He was speaking to an audience of more than 150 in the IOOF hall on 101 street as Edmonton's first CCF candidates made their first public bow in the election campaign which finished August 17.

Mr. Roper pointed to the record of himself and his colleague (A. J. E. Lescene, Calgary) in the legislature, and said his little army "had carried the ball" for many of the reforms now a part of the Social Credit platform.

B.C. SPEAKER
Wm. Irvine, CCF member of Parliament for Carleton (B.C.) constituency, was featured speaker at the meeting.

Mr. Irvine contrasted the capitalist way of life with the socialist conception of the aims of human life.

Gold, glory and lust were the capitalist aims, he said.

On the other hand the CCF stood for all the freedoms except the right to exploit others.

J. H. Dowler, one of Edmonton's first CCF candidates, defended the CCF against charges it was unpatriotic in its outlook.

Mr. Dowler said he represented the interests of veterans on the CCF ticket. He is a veteran of the 1914-18 war.

LIBERALS DISAGREE
Miss Mary Crawford, another Edmonton CCF candidate, recalled Harper Prowse, now leader of the Alberta Liberal party, had opposed the CCF when Mr. Roper had moved a motion of non-confidence in the government, as result of administrative failure to pay 50 per cent of the cost of education in the province.

At the same time Arthur Ford, another Liberal candidate in Edmonton, had been active in support of the request for the increased school grants.

She wondered what the effect of this difference of opinion would have on the Liberal platform.

Applications should be sent to the Edmonton office, 303 Alberta Centre, Calgary.

It is recalled that approval of the legislation was vigorously opposed by Mrs. Rose Wilkinson, Calgary Social Credit member of the house.

Mrs. Wilkinson succeeded in achieving an exception to the regulations of the set for members of the Canadian Physiotherapists Association, who are trained and registered nurses, practicing their profession under medical supervision in recognized hospitals.

FIRST POLICYHOLDER In The Bulletin's new insurance scheme for subscribers, Mayor Harry D. Ainlay of Edmonton (seated) is seen signing the form while Bulletin publisher H. L. Straight looks on. Presentation of the policy was made by Mr. Straight in the mayor's office. For full details of the insurance plan see page 13 of today's paper.

City Driver Wins Award

Bert Pettigrew, 10877 70 street, was selected as Today's Courteous Driver with a final test score of 97 per cent.

He lost three points when he failed to signal for a right turn at the south end of the High Level bridge. Mr. Pettigrew is deeply interested in safety for children and expects to work with the Safety Council next summer in teaching safety in playgrounds.

The Council advises cyclists, motorcycle and scooter riders to remember that they, too, come under traffic control laws and must abide by them for the safety of all.

Courtesy is a citizen's common denominator.

Don't waste the good pot liquor drained from spinach. Use it in soup or beautiful chilled vegetable cocktail.

Accident occurred when Hadland turned across 109 street to the west. He was taken to the General Hospital by a passing motorist.

Physiotherapists, naturopaths and masseurs practicing the arts of drugless healing in Alberta may apply for registration under the Drugless Practitioners Act between now and early November.

S. H. McCaig, K.C., Edmonton barrister, who is head of the board of drugless practitioners, appointed under legislation approved at the 1946 session of the Alberta legislature, announced today the board had met in the legislative building Monday and Tuesday to organize for the receipt of applications from the drugless therapists.

He estimated there were between 15 and 100 drugless practitioners in the province.

COMMITTEE SETUP
His board appointed a committee of the drugless healers to receive the applications, consider them, and forward their findings to members of the board to be held in Calgary in November.

A. W. Williams of Edmonton, William Frisbie, of Calgary, and John Matheson of Banff, were named to the committee to deal with the applications. E. Brown of

the provincial government staff was selected as an "observer" of the committee's work.

Applications should be sent to the Edmonton office, 303 Alberta Centre, Calgary.

It is recalled that approval of the legislation was vigorously opposed by Mrs. Rose Wilkinson, Calgary Social Credit member of the house.

Land Sales Booming Record Year Looms

Land sales by the city land department during July are pointed to a record for the year.

Tuesday sales totaling \$12,325 were made by the department.

Oliver Corporation Ltd. purchased two acres on the old pentagon site on which a large warehouse will be erected. Purchase price was \$5,500.

Officials of the company stated the structure would house offices and provide warehouse and showrooms.

Plans for the structure are being drawn. Officials could give no estimate of the cost of building.

Army and Navy Department Store Ltd. paid \$2,000 for a parcel of land located between 144 and 146 street, north of 88 avenue.

Last year the company purchased a warehouse on this site for \$3,000.

Engineered Buildings (Alta.) Ltd. purchased a site on the present grounds for \$2,555 as the location for a laboratory building for prefabrication of houses. The structure will cost \$8,000.

Luna Gas Ltd. purchased the northeast corner of 144 street and 108 avenue for \$880 and the Dominion government paid \$2,570 for a parcel of land on the west side of 144 street, north of 107 avenue.

The corporation is leasing this property and is used by the Department of Veterans Affairs.

John and Anna Topolinski, 1149 78 street, purchased the southeast double corner at 84 street and 118 avenue as the site of a store and living quarters. Purchase price was \$700.

Socreds Nominate In Banff-Cochrane
Nomination of W. R. King as official Social Credit candidate in Banff-Cochrane provincial constituency was announced today by party officials.

Mr. King was named at a district level Monday at Airdrie.

Arthur Wray has been nominated to contest the riding as Independent Social Credit, after being named by the party caucus during the 1947 session of the Alberta legislature.

A Calgary newspaper story said today only a dozen delegates were present at the convention which nominated Mr. King.

Frank Laut, Crustfield farmer, is independent party candidate in the constituency.

Elizabeth Colleen Rodgers Weds Charles R. Pettinger

In a pretty wedding ceremony Monday in the west-end home of the bride's parents, Elizabeth Colleen Rodgers became the bride of Charles Richard Pettinger.

Amid a setting of peonies, roses and sweet peas the Rev. G. Fisher performed the ceremony. Mrs. W. Sykes played the wedding music during the signing of the register. Dorene Low sang "I'll Walk Beside You."

The bride is the daughter of Mr. and Mrs. C. L. Rodgers and the bridegroom the son of Mr. and Mrs. H. B. Pettinger, all of Edmonton.

A pale blue gabardine dress-maker suit was chosen by the bride who was given in marriage by her father. She chose white accessories and a matching hat.

Her only jewelry was a necklace and earrings, gift of the bridegroom and she chose a corsage of tea roses.

Reta Rodgers was her sister's maid-of-honor. She wore a brown abridale suit complemented with white accessories, matching hat and corsage of Taisman roses. She wore a blue brooch.

Douglas McNab was best man. At a reception in the drawing room of the Macdonald hotel Mrs. Rodgers received with the bride party, wearing a dress of robin's egg blue crepe with black accessories and corsage of pink carnations.

Out-of-town guests were Mrs. E. A. Rodgers, Vegreville, and Mrs. W. Hill, Taber.

A wedding cake flanked by vases of roses and sweetpeas decorated the bride's table. Presiding at the tea-urns were Mrs. N. E. Tanner and Mrs. Jack Housen. More than 100 guests attended the reception.

A musical program and dancing followed the reception. Later the couple left for a honeymoon trip and upon their return they will make their home in Regina.

Out-of-town guests were Mrs. E. A. Rodgers, Vegreville, and Mrs. W. Hill, Taber.

Path of True Love Knows No Bars—Not Even the Canadian Government

By Frances Geddes
Paths of true love will not be obstructed by the Canadian Government.

Although one may wonder what governments have to do with romance, this attitude was good news to many displaced persons from Europe who must have permission from officials in order to marry.

Love will find a way and some romances which had their beginning in European work camps have fairly tale endings.

Many years ago a Polish boy and a Polish girl met in a work camp after their country had been overrun by Germans. Working by the side in a factory through the war they were separated in the confusion following the armistice and were sent to different displaced person camps.

After a time they were sent to Canada. Within days of each other they were sent to Edmonton. They met at a party in the Polish hall and fell into each other's arms.

They were married in January. A romance begun in a hospital where a displaced girl was working. One of the patients was a woman whose son was a constant visitor. This was the case where the government first decided not to stand in the way of true love.

Another Polish girl who was a while at making puff pastry was wed to a Canadian boy born in Poland.

A romance culminated between a girl who had two years in medical school and a man who had his medical degree.

colorful taffeta blouse over her old dress.

Mrs. Lyons has noticed a great difference in the girls since they came here only a short time ago. Their eyes are shining and their hair is more lustrous. But what they are so pleased about themselves is that their well-balanced diets have given them new figures.

So many working girls in one hospital were having romances that the Sister Superior felt obliged to remark that all her girls must have the "it."

Women are women the world over and when they're in love they worry about their appearance. Mrs. Kate Lyons, director of the women's division of National Service, has many stories to tell.

Amongst a dozen or so girls who arrived recently in the city there was one tube of lipstick. Each time it was used they crowded around to see that not too much was put on.

The girls had so few possessions when they came that they thought anything given them was just lovely. Once they tried on clothes they liked they wouldn't take them off. One girl even wore her new

The Edmonton Bulletin is now enabled to offer its readers the opportunity of securing through Whalen Insurance Brokers (Alta.) Ltd. a TRAVEL AND PEDESTRIAN POLICY unexcelled in the scope of its coverage and liberality of terms. In this policy are scores of different provisions covering many unforeseeable hazards of public and private transportation and pedestrian travel. The financial protection under its provisions is perhaps the most complete and valuable ever offered... all the more unusual in that it is available to ALL Bulletin subscribers except any person who is blind, deaf or who has lost an eye, hand or foot or limb. WITHOUT examination and without red tape.

AGES 6 TO 75; PEDESTRIANS INCLUDED

For any person from 6 to 75 years the only cost of this sensationally liberal policy is a Registration Fee varying slightly according to the ages of those placed under its protection... \$1 per year between the ages of 16 and 60; \$1.25 per year for ages 6 to 16 and 60 to 75. That is all. There are many benefits for travellers and pedestrians included in the provisions of the Policy, and when the protection is considered in relation to the dangers of daily life in this age of increasing mechanization and speed, it is quickly seen that NO Bulletin reader can afford to delay making application for a policy at once.

BULLETIN READERS and THEIR FAMILIES MEN, WOMEN and CHILDREN

With ONE subscription the policy can be extended to ALL members of a Bulletin reader-family living at one address, except any person who is blind, deaf or who has lost an eye, hand or foot or limb. Thus can be lessened the financial terrors of the accident that can come to ANY family without a second's warning. The costs for medical attention, for hospitalization and for loss of earning power... these in many cases wreck the economic foundations of whole families—an insupportable burden piled upon the original tragedy. This financial collapse can be avoided; the worry, tension and despair can be, to a great extent, done away with. You owe it to yourself and your family to secure this protection NOW.

Farmer May Provide Clue in 'Spook' Murder

CALGARY, July 21.—(CP)—Investigations into the mysterious death of Thomas Charles Hall, 66, today swung northward to nearby Balzac.

Police announced they were seeking a former farmer of the district, 10 miles north of Calgary, who they say may shed some light on the 18-year-old slaying.

The farmer is known to have kept a team of horses owned by Hall, whose mummified body was found under the bed-room floor of a "haunted" ramshackle cottage here July 10.

Police said Hall's team was wintered at Balzac in 1928 and again in 1930. They believe the heavy-built, six-foot-tall man was murdered in the cottage in March, 1935.

Police also are checking bank clearings and brokerage records to trace Hall's finances. He is reported to have owned much oil stock and some property in the United States.

Meanwhile Hall's estranged wife, Camilla Rose Hall, of Vancouver,

Reunion In Bruce County Starts Off With Big Parade

WALKERBURY, Ont., July 21.—(CP)—The biggest parade in the history of Bruce County town last night. It took nearly an hour to pass a point on the main street—yesterday set the ball rolling for the fortnightly Bruce County Reunion.

Walker's old-time fire hose and reels were doused off and hauled in the parade behind a 1917-model automobile.

The celebration was touched off

HEROIC EFFORT TO SAVE INFANT SON IS COSTLY

WINNIPEG, July 21.—(CP)—A father who made an heroic attempt yesterday to save his infant son from the path of a speeding truck in hospital, seriously injured. His son was unhurt.

Michael John Ellis, 38, was driving near his home when he saw his 18-month-old son, Frankie, running to greet him. The boy ran out on the road, apparently into the path of an oncoming truck.

Ellis stopped his own vehicle, ran to the road past the first truck, but was struck by a second.

His son was pulled to safety by a 14-year-old brother, Wilfred.

Ellis was thrown 50 feet by the impact. He suffered a fractured skull and internal injuries and his condition is "poor."

Earlier today by the arrival of the "Bruce County Special" train carrying more than 200 passengers from Vancouver and other points in Western Canada.

Drinkers Tire of Watery Beer at High Prices in U.K.

By NORMAN CRIBBENS

LONDON, July 21.—(CP)—Publicans are complaining that trade is not what it used to be.

Since the last budget when an extra penny was added to the price of beer the saloon and public bars of London taverns are noticeably emptier—and some believe they will be emptier yet.

"Drinkers are getting tired of paying through the nose for watery beer and next-to-nothing in the way of spirits," a Fleet Street innkeeper said.

"If it weren't for meeting the boys I'm hanged if I'd go near a pub," said a cloth-capped laborer. "I can drink six glasses of beer in a row straight off and feel no better than if I'd drunk a bucket of water. As for spirits, who's going to pay two bob (40 cents) for a tumblerful of whisky or gin? No working blokes like me."

recently a woman complained she was poisoned by "bad" whisky. The brewers said they had supplied no whisky to the landlord and he was given his notice.

Inferior whisky is sold at high prices in some London pubs because of the shortage of respectable brands required for export to dollar countries.

Many brewers have joined in the black market so created and are selling extra whisky at exorbitant prices to their tenants—the landlords. (Most pubs are owned by brewers who rent them to landlords on condition their own products are sold.)

Sometimes it is the landlord, not the brewer, who buys black market whisky and sells it at high prices. The tenancy of the landlord caught doing this is liable to be terminated.

Farmer's Master Cell Being Probed By U.S. Government

MIDDLEBORO, Mass., July 21.—(AP)—Farmer John Brown's "master cell" was being investigated yesterday by United States government officials.

Cyril Sullivan, chief of the Boston office of the pure food and drug administration, described as "routine" the probe of the "master cell," claimed by Farmer Brown to make crops grow faster and to combat poultry and cattle diseases effectively.

Sullivan said: "So far as I know, there's absolutely no scientific basis for any claims made and no proof of results has been obtained."

THIS TRAFFIC JAM IS JUICY

WAUKEGAN, Ill., July 21.—(AP)—Want a new recipe for traffic jam?

Take 300 cases of red raspberries, 25 cases of black raspberries, 15 cases of currants, 20 cases of dewberries and 25 bushels of apples.

Mix well and press with a tomato-and-half truck.

That's what Wayne Helgen of Three Oaks, Mich., did last night. His truck loaded with the juicy ingredients overturned near here.

Helgen was thoroughly smeared—but unhurt.

Move to Unseat 'Hat' Mayor Fails Again

MEDICINE HAT, Alta., July 21.—(AP)—Mayor W. M. Rae, Medicine Hat chief executive for the last 18 months, still remains in office. A second effort by the Property Owners' Association to oust him from office has failed.

At the regular meeting of council Monday night a report submitted by six city wardens that they had an amended petition of recall filed July 10 was 11 names short of the number required to force a by-election for a mayor to complete this year's term of office.

Mr. Keith said the document, as amended contained 1,278 qualified electors names as against the 1,468 required under the recall process.

The original petition was set in motion several weeks ago by members of the group over a library dispute and the actions of Mayor Rae to remain in office despite a vote of non-confidence by council.
